As well as the presentation of state-of-the-art gaming products

Elektroncek announces its trade show program at IGE 2010

Elektroncek will be present at upcoming IGE 2010 at stand number 3200.

United Kingdom | 01/08/2010

(UK).- The 2010 IGE in London is set to see Elektroncek present its newest and most innovative solutions for the MTGM gaming sector: The Organic Multiplayer – Multigame by Interblock; a powerful gaming equipment designed to maximize the potential of any floor space, and Euroblock Star Roulette, a brand new multi-player product line aimed towards more price sensitive markets.

“More than a decade of intensive product development and business growth, guaranteeing to keep us at the cutting edge in MTGM, has also included years of fruitful business relationships and cultivating friendship within the gaming industry. We are delighted to celebrate this special event –

our 13th visit to the International Gaming Expo in London – with you, bringing more fun and excitement to IGE 2010 than ever!", a welcome greeting from Thomas Zvipej, CEO at Elektroncek.

A presentation of state-of-the-art gaming products, including electromechanical Organic Card Blackjack and Baccarat, will be accompanied by a 3-day show program taking place at Elektroncek stand number 3200:

26-28 January: "Capture the Star"; a sweepstake organized by the Euroblock brand, inviting all the visitors to look for the three stars and gain attractive prizes. Please find information on 'Euroblock 2010 Sweepstake' at: www.elektroncek.eu/sweepstake

27 January at 11 a.m.: "Elektroncek Media Meeting"; journalists and media representatives scheduled to meet with Elektroncek senior consultants, this year to be conducted by Aleš Zupancic, Head of R&D.

26-28 January: "Organic Card inspection site"; detailed examination and consultations on revolutionary electromechanical card shuffler and dealer mechanism.

28 January: "Close of the Euroblock 2010 Sweepstake"; winning prize draw and farewell party.
